

WorkReady

Profit for Purpose

Partner with CapRescue and support our fleet of rescue helicopters.

CapRescue's WorkReady team is focused on social enterprise, making profits that directly support our helicopter rescue service.

With ever-increasing costs, we are making it easier for businesses to support us. We conduct business that directly benefits the community we serve.

Drug & Alcohol Testing

Drug and alcohol testing is best practice for recruitment, post incident analysis and maximising workforce compliance. We offer a variety of collection methods including urine analysis, oral swab and alcohol breathalyser.

- Drug and alcohol testing
- Compliance with ASNZS 4760.2019, 4308.2008, 4760.2019
- Professional and HLTPAT005 accredited staff
- Workplace drug and alcohol awareness training

Respiratory Protective Equipment and Hearing Protection Fit Testing

Respiratory Protective Equipment (RPE) and Hearing Protection Equipment (HPE) Fit Testing validates fit, seal and effectiveness of these devices.

Fit testing also ensures that legislative, WorkSafe Qld requirements and industry best practices, are met. Testing at commencement, ongoing each 12 months and for facial changes equips your business and workers with confidence that they are protected by their PPE.

- Quantitative CNC RPE and 3M E-A-Rfit HPE testing
- System compliance with PPE tested simultaneously
- Training in use and care of fit-tested PPE
- Compliance with ASNZS 1269.3 & 1715.2009
- Professional RESP-FIT accredited staff
- Electronic results provided and plastic fit test record card

We Offer

- Ease of booking- online, email, phone
- Competitive pricing
- Supply of PPE
- Immediate results
- Appointments from both our Rockhampton or Gladstone locations as well as a mobile service to site for group bookings

If you have any questions, need a quote, or would like to book an appointment please get in touch with us.
